Index to Public Utilities Reports

(This section of the magazine, which comprises the decisions, orders, and recommendations of courts and commissions, is too voluminous to be included in this index. These reports are published annually in their entirety, in five bound volumes, together with the Annual Digest; copies may be obtained from the publishers, Public Utilities Reports, Inc., *Munsey Building, Washington, D. C., upon application.)*

Subject Index

ABILITY TO PAY,
Principle analyzed, 312.

ACCOUNTING,
Changes in balance sheet accounting, 111.
Charges in lieu of taxes, 685.
Depreciation reserve, 69, 73, 401, 701.

ADMINISTRATIVE LAW,
Rule of law under Federal agencies, 703.

ADVERTISING,
Electrical industry out for consumer's dollar, 811.

AGRICULTURE,
Farmstead wiring design, 791.
Kilowatt hours will grow with farm income, 754.
Motor applications to farm work, 555.
Types of farm ownership and rural electrification, 381.

ALEXANDER HAMILTON,
His company sold to city of Paterson, 158.

APPEAL AND REVIEW,
Regulatory outlook under Supreme Court rulings, 743.

APPLIANCES,
Household appliances in postwar economy, 185.
Replacement market for household appliances, 185.
Winter heating and summer cooling from same equipment, 513.

ATOMIC ENERGY,
Obligation and opportunity for electric industry to help solve problem, 734.
Possibilities of, studied by power industry, 576.

AUSTRALIA,
Socialism failing in, 311.

AUTOMOBILES,
Mobile radiotelephone service, 350, 629.

BANKS,
Nationalization of, an early phase of state socialism, 709.

BONNEVILLE POWER ADMINISTRATION,
Report on, 359.
Rates defended, 293.

CARRIER PHONE,
Arrives—via REA, 28.

CHARTS,
Annual results of municipal electric plant elections, 762, 763.
Construction cost indexes and graph, 39.
Corporate profits before and after Federal and state income and excess profits taxes, 702.
Decline in investment income, 505.
Depreciation reserve figures, 408.

CHARTS—*continued.*
Depreciation reserve-requirement ratio according to successive years of life of survivors under four methods described, 409.
Distributive shares of private production, 301.
Gas revenues—natural gas industry, 565.
Graphs showing relationship between rates and consumption, 466, 468, 473, 475.
Illustration of retirement forecast method as applied to one item or year group of property, 73.
Index of industrial production, 782.
Major privately owned electric utilities, 108.
New construction activity by types, 235.
Source and disposition of electric operating revenues, 780.

CIVIL SERVICE,
Improved procedure undertaken by Los Angeles Department of Water and Power, 221.

COAL,
Electricity out of, 412.

COLUMBIA VALLEY AUTHORITY,
Idaho water users opposed to, 293.
Sponsors outline provisions of bill, 184.

COMMISSIONS,
Regulatory outlook under Supreme Court rulings, 743.
Trends in regulation, 289.
What the state commissioners are thinking about, 42.

COMMONWEALTH & SOUTHERN CORPORATION,
Integration plans, 234, 567.

COMMUNISM,
CIO Government Workers' Union goes pro-Russian, 691.
Which will prevail—communism or democracy, 710.

CONGRESS,
Action on pending bill to grant Rural Electrification Administration additional funds, 291.
Hearings on Holding Company Act, 113, 506.
Senators debate need of California power line, 239.

CONSTRUCTION,
New construction activity by type, 235.

CONSUMERS AND PATRONS,
Consumers' views on natural gas, 570.
Electrical industry out for consumer's dollar, 811.
Precise prediction of rate change results, 465.

COOLING,
Winter heating and summer cooling from same equipment, 513.

COÖPERATIVES,
Challenge of, 80.
Charges against government finance construction of power generating and transmission facilities, 33.
Co-op sales cause stir, 294.
Cream skimming criticized, 358.
Full-scale development of power facilities on Interior Department projects and encouragement of public and coöperative distribution, 167.
Public service commission opposes SWPA project, 625.
Stoneman urges REA-utility coöperation, 305.
Urban operations of REA draw congressional fire, 492.
Warned of opposition at NRECA convention, 424.

CORPORATIONS,
Public economic illiteracy—corporate management's problem, 706.

COURTS,
Regulatory outlook under Supreme Court rulings, 743.

DEMOCRACY,
Which will prevail—communism or democracy, 710.

DEPRECIATION,
Hypothetical charts relating to depreciation, 408.
Illustration of retirement forecast method as applied to one item or year group of property, 73.
Need straight-line reserve be excessive, 399.
Rate development—group plan, 401.
Rate development—unit-summation plan, 405.
Reserve ledger page—group plan, 403.
Reserve-requirement computations, 407.
Reserve-requirement ratio according to successive years of life of survivors under four methods described, 409.
Retirement forecast method of gauging, 69.
Straight-line reserve again an issue, 701.

DIVIDENDS,
Electric-gas holding company stocks, 41, 303, 369.
Electric-gas operating company stocks, 783.
Manufactured-gas company stocks, 112, 435.
Natural gas and mixed gas utility companies, 566.
Natural gas stocks, 178, 566.
Transit stocks, 238.

DOGS,
Bow-wow, Mister Meterman, 213.

EARNINGS,
December earnings figures favorable, 500.
Electric-gas holding company stocks, 41, 303, 369.

EARNINGS—*continued.*
Manufactured-gas company stocks, 112, 435.
Natural gas and mixed gas utility companies, 178, 566.
Price-earnings ratios, 501.
Remarkable gains in 1946 utility earnings reports, 630.
The 1946 outlook for, 364.
Transit stocks, 238.

ECONOMICS,
Public economic illiteracy—corporate management's problem, 706.

ECONOMY,
Government to economize—but, how much, 574.

EDISON ELECTRIC INSTITUTE,
President Kellogg checks past and looks ahead, 307.

ELECTIONS,
Results of municipal electric plant elections, 762, 763.

ELECTRICITY,
Atomic energy possibilities, 576, 734.
Average rate, kilowatt-hour customer, and revenue customer relationships, 470.
EEI President Kellogg checks past and looks ahead, 307.
Graphs showing relationship between rates and consumption, 466, 468, 473, 475.
Heating by, 174, 368, 513, 701.
If REA grows too generous, 614.
Industry out for consumer's dollar, 811.
Interior Department official talks about "cheap power," 437.
Japan's two-bit power outfit, 663.
Kilowatt hours will grow with farm income, 754.
Leaders in new era of electric service, 14.
Load dispatcher, 352.
Major privately owned electric utilities, 108.
Motor applications to farm work, 555.
Municipal plant threat, 759.
New power demands will spring from postwar industry, 677.
Outlook of electric utilities under inflation, 92.
Precise prediction of rate change results, 465.
Private company in accord with US power agencies, 622.
Production from coal, 412.
Public and private operation of electric plants compared, 729.
Public power pendulum in Pacific Northwest, 483.
Public service commission opposes SWPA project, 625.
Regulatory outlook under Supreme Court rulings, 743.
Report on Bonneville, 359.
Rural electrification job remaining to be done, 149.

ELECTRICITY—*continued.*
Senators debate need of California power line, 239.
Service in nation's metropolis, 574.
Table showing net income, distribution of families, and accumulated percentage in connection with rates and consumption, 470.
Translating electric power into oil for war, 827.
Urban operations of REA draw congressional fire, 492.
Utilities sponsor research to develop use of heat pump, 513.
Vast electric power empire disclosed in Interior's latest annual report, 440.

EMPLOYEES,
See Labor.

FARMS,
See Agriculture.

FEDERAL COMMUNICATIONS COMMISSION,
Radio in the utility field, 343.

FEDERAL POWER COMMISSION,
Consumers' views on natural gas, 570.
Hears additional views on natural gas, 370.
Natural gas regional hearings end, 704.
Recommendation as to revision of Holding Company and other acts, 267.
Regulatory outlook under Supreme Court rulings, 743.
Review of utilities' financial record, 107.

FINANCES,
See Securities.

GAS,
Congress to settle dispute over big pipe lines, 556.
Consumers' views on, 570.
Conversion of government oil pipe lines for transportation of natural gas, 166.
FPC hears additional views on natural gas, 370.
FPC natural gas regional hearings end, 704.
Industry in rapid expansion, 564.
More gas for more people urged at INGAA meeting, 577.
Natural gas stocks, 178.
Progress reported on tests of high-temperature gas turbine, 578.
Service in nation's metropolis, 574.

GOVERNMENT,
CIO Government Workers' Union goes pro-Russian, 691.
Government to economize—but, how much, 574.
Interior Department official talks about "cheap power," 437.
Krug offers coöperation with private enterprise, 495.
Krug takes Interior's reins without policy commitment, 423.
Lobbying activities, 784.
Should government-owned utilities be taxed, 333.

GOVERNMENT—*continued.*
Vast electric power empire disclosed in Interior's latest annual report, 440.
Which will prevail—communism or democracy, 710.

HEARINGS,
Rule of law under Federal agencies, 703.

HEATING,
House heating by electricity, 174.
More about house heating, 368.
Progress with the heat pump, 701.
Utilities sponsor research to develop use of heat pump, 513.

HOLDING COMPANIES,
Commonwealth & Southern integration plan, 234, 567.
Integration of utilities in regional system and adoption of sliding-scale basis of rate making, 267.
New North American plan, 633.
Table showing electric-gas holding company stocks, 41.
Table showing holding company preferred stocks, 634.

HOLDING COMPANY ACT,
Geographic integration requirements, 234.
Hearings on, 113, 506.
Nonprofit subterfuge for acquiring public utilities, 135, 201, 282.
Revision advocated, 267.

INCOME,
Decline in investment income, 505.
Distributive shares of private production, 301.
1944 income account of all privately owned electric utilities, 94.
Proportion of national income assigned to labor, small business, corporations, etc., 300.
Table showing net income, distribution of families, and accumulated percentage in connection with rates and consumption, 470.

INFLATION,
Outlook of electric utilities under, 92.

INTEREST,
Decline in interest rates, 300.
Potential dangers of low money rates, 503.

IRRIGATION,
Summary of Bureau of Reclamation post-war inventory of projects, 443.

JAPAN,
Two-bit power outfit, 663.

LABOR,
CIO Government Workers' Union goes pro-Russian, 691.
Employee relations as viewed by a supervisor, 818.
Improved civil service procedure undertaken by Los Angeles Department of Water and Power, 221.

LABOR—*continued.*
Proportion of national income assigned to, 300.
Strike of Western Union Telegraph workers, 173, 295.
Strikes and the cost of living, 415.
Union activities, 296, 297.

LAW,
Rule of law usurped by Federal agencies, 703.

LEGISLATION,
Lobbying purposes and success, 784.
Recommendation as to revision of Holding Company and other acts, 267.
Senators debate need of California Federal power line, 239.
Sponsors outline provisions of Columbia Valley Authority bill, 184.

LOS ANGELES,
Improved civil service procedure undertaken by Los Angeles Department of Water and Power, 221.

METERMAN,
Bow-wow, Mister Meterman, 213.

MOTOR CARRIERS,
War and probable postwar urban transit, 543.

MUNICIPAL PLANTS,
Improved civil service procedure undertaken by Los Angeles Department of Water and Power, 221.
Municipal plant vote unfavorable, 495.
New York city's subway, 531, 644.
Threat to electric light and power industry, 759.

MUSICIANS,
Congressional restriction on Petrillo, 563.

NATIONAL ASSOCIATION OF ELECTRIC COMPANIES,
Public and private operation of electric plants compared, 729.

NATIONAL RURAL ELECTRIC COÖPERATIVE ASSOCIATION,
Co-ops warned of opposition at NRECA convention, 424.

NATURAL GAS,
See Gas.

NEW YORK CITY,
Electric and gas service in nation's metropolis, 574.
Subway snafu, 531.
Subways need 10-cent fare, 644.

NONPROFIT SUBTERFUGE,
For acquiring public utilities, 135, 201, 282.

NORTH AMERICAN COMPANY,
New integration plan, 633.

OCEAN,
Oil from Davy Jones' locker, 477.

OFFICE OF PRICE ADMINISTRATION,
OPA and public utility rates, 597.

OIL,
Congress to settle dispute over big pipe lines, 556.
From Davy Jones' locker, 477.
Translating electric power into oil for war, 827.

PATERSON,
Alexander Hamilton's company sold to city of, 158.

PERSONNEL,
See also Labor.
Leaders in new era of electric service, 14.

PETRILLO, JAMES C.,
Congressional restriction on Petrillo, 563.

PIPE LINES,
Congress to settle dispute over big pipe lines, 556.
Conversion of government oil pipe lines for transportation of natural gas, 166.

PREFERRED STOCK,
Holding company preferred stocks, 633.
Refinancing of, 603.

PRICES,
Strikes and the cost of living, 415.

PRIVATE ENTERPRISE,
System threatened, 299.

PROSPECTUSES,
Pro forma figures in, 176, 236.

PUBLIC OWNERSHIP,
Alexander Hamilton's company sold to city of Paterson, 158.
Bonneville rates defended, 293.
Interior Department official talks about "cheap power," 437.
Municipal plant threat, 759.
Municipal plant vote, 495.
Nationalization of banks an early phase of state socialism, 709.
New York city's subways, 531, 644.
Public and private operation of electric plants compared, 729.
Public power pendulum in the Pacific Northwest, 483.
Radio in the utility field, 343.
Recommendation as to revision of Holding Company and other acts, 267.
Report on Bonneville, 359.
Saratoga decision on taxing public power agencies, 233.
Senators debate need of California power line, 239.
Socialism in Australia, 311.
Taxation of government-owned utilities, 333.
Vast electric power empire disclosed in Interior's latest annual report, 440.
Washington utility outlook for 1946, 3.
Washington whispers worry Valley Authority foes, 356.

PUBLIC RELATIONS,
Grass roots public relations, 550.

PUBLIC RELATIONS—*continued.*
Public economic illiteracy—corporate management's problem, 706.
Public relations and selling confront utility companies, 180.

PUBLIC UTILITIES,
Annual reports trend toward graphic style, 636.
Challenge of coöperatives, 80.
Charges in lieu of taxes, 685.
Earnings outlook for 1946, 364.
Local research facilities available to South's utilities, 643.
Municipal plant threat, 759.
Nonprofit subterfuge for acquiring, 135, 201, 282.
OPA and public utility rates, 597.
Public economic illiteracy—corporate management's problem, 706.
Public relations, 180, 550.
Radio in the utility field, 343.
Stoneman urges REA-utility coöperation, 305.
Washington outlook for 1946, 3.
What the state commissioners are thinking about, 42.

RADAR,
Extended use in peace and benefits to transportation, 23.

RADIO,
Congressional restriction on Petrillo, 563.
Development of frequency modulation (FM) and television confronting radio broadcasting industry, 103.
FM broadcasting, 173.
In utility field, 343.
Mobile radiotelephone service, 350, 629.
Overseas radio telephone circuit, 104.
Radio channel applications in telephone field, 347.
Two-way radiotelephone communication from taxicabs, 499.

RATES,
Average rate, kilowatt-hour customer, and revenue customer relationship, 470.
Bonneville rates defended, 293.
Graphs showing relationship between rates and consumption, 466, 468, 473, 475.
Higher construction costs as a factor, 38.
New York subways need 10-cent fare, 644.
OPA and public utility rates, 597.
Precise prediction of rate change results, 465.
Recommendation as to revision of Holding Company and other acts, 267.
Station-to-station basis of rate making, 560.
Telegraph rate increase to offset wage boosts, 496.
TVA rates "objectively conservative," 306.
Western Union Telegraph Company Case, 693.
What the state commissioners are thinking about, 42.

RECLAMATION,
Columbia basin settlement studies issued by Reclamation Bureau, 185.
Contracts for construction projects, 166.
Private company in accord with US power agencies, 622.
Summary of Bureau of Reclamation post-war inventory of projects, 443.

RECONVERSION,
Washington utility outlook for 1946, 3.

REFINANCING,
Estimated cost of call and retirement of $12,000,000 par value of preferred stock and issue and distribution of like amount of new preferred stock, 612.

REGULATION,
Outlook under Supreme Court rulings, 74
Trends in, 289.

REPORTS,
Annual reports of utilities trend toward graphic style, 636.
Charges in lieu of taxes, 685.
Vast electric power empire disclosed in Interior's latest annual report, 440.

RETIREMENT,
Retirement forecast method of gauging depreciation, 69.

RIVERS,
President Truman's report, 225.

RURAL ELECTRIFICATION,
See also Coöperatives.
Big job on farms to mechanize chores electrically, 310.
Carrier phone arrives—via REA, 28.
Charges against government finance construction of power generating and transmission facilities, 33.
Congressional action on pending bill to grant Rural Electrification Administration additional funds, 291.
Co-ops warned of opposition at NRECA convention, 424.
If REA grows too generous, 614.
Job remaining to be done, 149.
Private company in accord with US power agencies, 622.
Stoneman urges REA-utility coöperation 305.
Transfer of offices of Rural Electrification Administration, 99.
Types of farm ownership and rural electrification, 381.
Urban operations of REA draw congressional fire, 492.

RURAL ELECTRIFICATION ADMINISTRATION,
If REA grows too generous, 614.
Job remaining to be done, 149.
Private company in accord with US power agencies, 622.

RUSSIA,
Public and private operation of electric plants compared, 729.

ST. LAWRENCE WATERWAY,
Development held vital to New York, 292.
Hearings on, open, 357.
Senators study project, 559.

SECURITIES,
Electric-gas holding company stocks, 41, 303, 369.
Electric-gas operating company stocks, 783.
Estimated cost of call and retirement of $12,000,000 par value of preferred stock and issue and distribution of like amount of new preferred stock, 612.
Holding company preferred stocks, 633.
Manufactured-gas company stocks, 112, 435.
Natural gas and mixed gas utility companies, 178, 566.
Price-earnings ratios for 26 utility companies' stocks, 501.
Prospectuses should contain pro forma figures, 176.
Public utility security offerings in first quarter of 1946, 569.
